Windows & Linux OS & Mac iOS

User friendly design

Working under pressure

Time management

Development passion

## Personal profile

Conestoga graduating student with 2+ years of experience in the field. Have been working on developing efficient/responsive websites as a freelancer and as a Junior Web Developer in AV Metal Group. My greatest strengths are understanding customer needs and implementation of the required task.

## Experience

08.2019

### Front-End Developer

Dnipro, Ukraine / Kitchener, Canada

2+ years of the experience with programming, especially **HTML5 CSS3/SCSS & JavaScript/ES7**.

Got strong knowledge in **GIT & GitHub, ReactJS, Redux, D3, API, Apache, WordPress, NodeJS** + have some experience in **Java** and **C#**.

Assisted in redesigning responsive websites. **Build & Tested** them after using **manual** and **unit testing**. Also, used to work with **SQL & PHP**.

Used to test all the projects checking bugs, loading them to check **DDoS attacks** resistance, minimized chance of **XSS attack & SQL injection**.

Plus, have a **Canadian experience** building a **Webpage** for Conestoga College while working as an **International Social Media Ambassador** there.

05.2018
